

SANGIT KATTEL

Mechanical Engineer | Engineers Australia | EA ID: 10193715 | ANZSCO 233512

Seacombe Gardens SA 5047 • +61 426 661 478 • sangeet.kattel@gmail.com • linkedin.com/in/sangit-kattel-812382195
Subclass 485 Visa — Full Work Rights until July 2029

SUMMARY

Mechanical Engineer with a Bachelor of Engineering (Hydropower Specialisation) and a Master of Engineering, formally assessed by Engineers Australia as a Professional Mechanical Engineer (ANZSCO 233512). Experienced in hydromechanical design, CFD analysis, non-destructive testing, and mechanical inspection. Complemented by 3+ years of site leadership in Australia. Based in Adelaide and seeking graduate or junior mechanical engineering opportunities.

EXPERIENCE

Warehouse Picker | Woolworths Distribution Centre (Adecco), Adelaide SA | *Apr 2026 – Present*

- High-volume order picking with strict accuracy and safety compliance in a large-scale distribution environment

Team Leader — Demolition & Civil Support | Expert Demo Pty Ltd, Melbourne VIC | *Aug 2022 – Mar 2026*

- Supervised teams of 6–10 workers; maintained zero Lost Time Injury record across entire tenure
- Improved site logistics efficiency by ~20% through optimised waste-handling and skip-bin rotation
- Operated excavators, boom lifts, scissor lifts, dumpers and Sherpas; standardised WIP reporting

Mechanical Engineer | Kathmandu Hydro Electric Pvt. Ltd., Nepal | *Feb 2021 – Apr 2022*

- Designed and modified hydromechanical components in AutoCAD and SolidWorks; reduced inspection delays by 30%
- Verified dimensions, tolerances, and weld quality; coordinated with multidisciplinary project teams

Hydromechanical Engineer (Internship) | Samling Power Co. — Mai Beni Hydropower 9.51 MW, Nepal | *Jul – Oct 2020*

- Supervised penstock fabrication; conducted NDT (dye penetration, ultrasonic, radiographic) on structural welds
- Managed Bills of Materials; assisted hydrostatic pressure testing of bifurcation systems

EDUCATION

Master of Engineering (Mechanical) | Engineering Institute of Technology, Melbourne | *2022 – 2024*

Bachelor of Engineering (Mechanical — Hydropower Specialisation) | Kathmandu University, Nepal | *2016 – 2020*

KEY SKILLS

• AutoCAD & SolidWorks	• CFD Analysis (ANSYS Fluent)	• Hydromechanical Design
• Non-Destructive Testing	• Mechanical Inspection & QA	• Maintenance & Troubleshooting
• Technical Documentation	• Team Leadership & Safety	• MATLAB & Microsoft Excel

CERTIFICATIONS & LICENCES

• White Card (Construction — Australia)	• Full Australian Driver's Licence	• Working with Children Check (SA)
• EWP Yellow Card — Scissor, Boom & Vertical Lift	• Dumper & Sherpa Operator Licence	• Engineers Australia — EA ID: 10193715

PUBLICATION

Kattel, S. et al. (2020). Investigation of Mechanical Properties of Brass Francis Turbine Manufactured by Local Investment Casting Technique in Nepal. *Journal of Physics Conference Series*, 1608(1), 012013.
